

# Rally Japan

**MEDIA RELEASE**

6 April 2019  
WRC Japan Round Bid Committee

## Non-Championship Test Rally Event will be held on November For Preparation of Rally Japan 2020

WRC Japan Round Bid Committee (c/o SAN'S) is planning to organize a non-championship rally competition as a test and promotional event for 2020 Rally Japan. The event not only has a purpose of worldwide PR for Rally Japan, but also aims to train members of the organization and official staff, as well as to undergo an onsite test of the new rally course and FIA medical delegate's inspection. As the date for the event has been set one week before the Rally Australia, we are expecting a lot of WRC team members to be able to come there to inspect the Service Park and rally course.

We hope that you will continue to favour us with your support.
